PROFESSIONAL SUMMARY

Passionate Full Stack Developer and Digital Marketing Specialist with hands-on experience building scalable web applications, e-commerce platforms, and IoT-integrated systems. Skilled across the full development lifecycle — from architecting React and Next.js frontends to managing NestJS backends, AWS infrastructure, and WordPress/WooCommerce stores. Combines deep technical expertise with a strong marketing sensibility, delivering SEO-optimised, high-performing digital products and targeted email newsletter campaigns that drive measurable business results.

CORE SKILLS

Frontend: React · Next.js · TypeScript · Dart · Flutter · Framer

Backend: NestJS · Node.js · Java · Firebase · GraphQL · NoSQL · BullMQ · REST APIs

E-commerce & CMS: WordPress · WooCommerce · Shopify · Framer · Squarespace

Cloud & DevOps: AWS (Lambda, RDS, VPC) · Cloudflare · Docker · CI/CD · Linux

Marketing & Growth: Email Marketing · Newsletter Campaigns · SEO Optimisation · Digital Marketing

Other: Technical Writing · API Development · WebSockets · Material UI

PROFESSIONAL EXPERIENCE

Full Stack Developer & Digital Marketing Specialist

Sep 2025 – Present

CB Consulting & Media Group

Nairobi, Kenya · On-site

- Design, develop, and maintain responsive, user-friendly websites and web applications aligned with brand guidelines.
- Develop and manage both front-end and back-end functionalities including UI/UX, databases, APIs, and server-side logic.
- Provide ongoing website maintenance and digital marketing newsletter campaigns for clients including Grounded Kenya ([grounded.co.ke](#)) and Canvas Cosmetic ([canvascosmetic.com](#)) on WordPress & WooCommerce.
- Optimise websites for speed, SEO, performance, and mobile responsiveness across all platforms.
- Ensure website security, regular updates, and proper backup procedures.

• WordPress · WooCommerce · Shopify · Framer · SEO · Email Marketing · UI/UX

Senior Frontend Developer

Oct 2025 – Dec 2025 · 3 months

Organic Bloom (Contract)

Nairobi, Kenya · Remote

- Led the design and development of the Next.js storefront UI, delivering a fast, responsive, and conversion-focused user experience.
- Collaborated with backend engineers to integrate NestJS services powering product discovery, checkout, and fulfillment.
- Built key customer-facing flows: product browsing, cart, checkout, and order tracking.
- Improved Core Web Vitals through image optimisation, code splitting, lazy loading, and performance-focused UI patterns.
- Contributed to authentication and role-based access flows across shopper, support, and admin interfaces.

• Next.js · NestJS · PostgreSQL · Redis · M-Pesa · AWS · CI/CD

Innovation Engineer

Apr 2025 – Sep 2025 · 5 months

STEMROBO Technologies

Nairobi, Kenya · On-site

- Led design and delivery of engaging STEM learning programs in robotics, AI, IoT, and coding for K–12 students.
 - Conducted interactive workshops across multiple schools, building problem-solving, critical thinking, and design-thinking skills.
 - Mentored students in creating functional prototypes using Arduino, sensors, and 3D printing technologies.
 - Planned and facilitated STEM competitions and hackathons to encourage creativity and collaboration.
- STEM Education · Robotics · IoT · Arduino · Curriculum Development

Frontend Developer (External Developer)

Oct 2024 – Mar 2025 · 6 months

Keshi Holdings Limited

Nairobi, Kenya · Remote

- Developed React & Material UI interfaces for a national cargo tracking system, including full CRUD functionality.
 - Built comprehensive modules: driver management, cargo carrier management, cargo tracking, and journey management.
 - Implemented real-time updates via WebSockets and dynamic data mapping across all system modules.
 - Collaborated with the backend team to integrate RESTful APIs and ensure seamless data flow.
- React · Material UI · WebSockets · REST APIs · TypeScript

Software Engineering Trainee

Aug 2024 – Dec 2024 · 5 months

Power Learn Project

Nairobi, Kenya · On-site

- Completed intensive training in web development (HTML, CSS, responsive design), Python, Django, and JavaScript.
 - Advanced to specialised mobile development with Dart and Flutter for cross-platform applications.
 - Studied data structures, algorithms, and software engineering fundamentals.
- HTML · CSS · Python · Django · JavaScript · Dart · Flutter
